

## “Be Prepared” Checklist and “Be a Delivery Buddy” Program

Caring about each other and our community is a core value here at Emmerson Packaging. To ensure we all have the support we need during these complicated times, the HR Department and Employee Volunteer Committee have added two new helpful tools and programs to the Compass and Employee webpage.

### 1) ‘Be Prepared’ Checklist

Combining input from several sources, this checklist will help you and your family be prepared should someone have to self-quarantine due to being positively diagnosed with the Covid19 virus. Share the list with your family and friends in case they may find it helpful as well.

You’ll find the link to it here:

### 2) “Delivery Buddy” Sign-up List

Part of helping each other out during this period will likely include helping deliver groceries or supplies to each other when households have to go under the 14-day quarantine after a positive Covid-19 diagnosis.

If you can help deliver goods, or are looking for someone to pick up and deliver items to your household, sign up on the “Delivery Buddy” list below. Your fellow employees and their families will appreciate the help should the need arise.

Find the sign-up link here:

Like being careful and diligent with our practices at work, these are just two more ways to show that we care for and about each other.

Thank you and take care
